Director - Niketan Singh Lakum

AUTOMATION & CONTROLS DIVISION

About us!

**Neo Creative Vision Technologies Private Limited is a full fledge engineering company
Serving industries with High Profile hardware & soft wares with diversified operations in domains like**

- Automation & Controls
- Test & Measurements
- Software & Support
- Training & Support
- Embedded & Aviation
- Tele Communications & IT Hardware
- NCVT Human Resource Consultants

Message from Managing Director

India is very trivial & vast with business & industries! If we talk Automation 4.0 will take over everything by storm we are mistaking on account of vital automation that prevail already, two decades of sound experience and we have seen the automation & controls to take over primitive systems. Our zeal to serve & pursuit for perfection will definitely elevate your goals by tireless efforts of our engineers! we believe in WIN-WIN future, I'm glad to receive you today! Future belongs to us!

It's my honor to welcome & Serve you to be part of NCVT Automation & Controls

Sincerely
Niketan Singh Lakum
